## Description

The Murray Bridge Lowback Day Chair delivers lightweight durability in a static seating option designed for daily use across aged care, home and rehabilitation settings. Its timber-look aluminium frame is strong yet easy to manoeuvre, supporting clients up to 250 kg.

The sculptured low backrest provides firm lumbar support to assist with upright posture, while the padded seat, back and armrests offer comfort for extended periods of sitting. Both seat height and depth can be adjusted, allowing for a personalised fit to enhance function and comfort.

With its modern aesthetic and clinical functionality, this chair is a reliable choice for a wide range of settings.
